## RECCHIA

For over 100 years, the Recchia family has been mastering wine making. The family lives in the heart of Valpolicella, in the valley of Negrar. Wine making is in their blood. Their love for the local terroir and traditions makes their wines special. "Poderi del Roccolo" is a jewel in the crown of the Recchia family. It is positioned high on the hills overlooking Lake Garda. The micro-climate of the lake is always warmer than the surrounding land and helps make exceptional wines.
